P R O F I L E

Confident in my ability to work effectively in a fast-paced environment and leverage my web and mobile development skills to ensure the team's success. Always willing to learn and go the extra mile to advance projects and achieve goals.

E X P E R I E N C E

AGUIMA WEB AGENCY

From 2023 to present | Lead Developer / DEVOPS

Design and implementation of scalable and resilient software architectures. Management of deployment pipelines and automation of continuous delivery processes.

AGUIMA WEB AGENCY

From 2019 to 2023 | Senior Fullstack Developer

Development and maintenance of complete web applications, from initial design to delivery. Mentoring junior team members and sharing best practices to support their professional growth.

BEFIRST TECHNOLOGY

From 2017 to 2018 | Junior Fullstack Developer

As the head of the Web Management department, I was responsible for designing and managing each website for our projects and managing the associated social media pages.
